

LAKE HAVASU CITY
Permit to Perform Work in
Right of Ways and Public Utility & Drainage Easements

GENERAL CONDITIONS

1. No work will be performed in any public right-of-way or easement without proper permits from and inspection by the Lake Havasu City Engineering Division. Contact 453-6336 for details. Allow a minimum of 24-hours for all inspections.
2. All work in public rights-of-way or easements shall be performed by Contractor(s) licensed in Arizona to perform the work. The Contractor(s) shall also have a current Lake Havasu City Business License.
3. All work shall be performed in accordance with the Lake Havasu City Public Works standards and/or the Uniform Standard Specifications and Details for Public Works Construction as published by the Maricopa Association of Governments, unless otherwise noted. All sewer and water construction shall be in accordance with all applicable Arizona Department of Environmental Quality regulations and Arizona Revised Statutes. All job sites shall comply with OSHA standards.
4. Permit holder shall be responsible for the location of all underground utilities.
5. Permit holder shall comply with the provisions for Traffic Control and Barricading in accordance with the Traffic Control Manual for Highway Construction and Maintenance as published by the Arizona Department of Transportation.
6. Permit holder shall be responsible for the preservation of all survey public and private monumentation. Permit holder is responsible for the replacement of any monuments by an Arizona Registered Land Surveyor (R.L.S.)
7. Permit holder shall assume all responsibility and liability to the full extent permitted by law for any injury or damage to any person lawfully using the public right-of-way and/or easement caused by or arising out of the exercise of this permit. **PERMIT HOLDER AVOWS THAT THEY HAVE INSURANCE, CURRENT AND IN PLACE, THAT COVERS ALL THE WORK THEY ARE HAVING DONE IN THE PUBLIC RIGHTS-OF-WAY AND/OR EASEMENTS PURSUANT TO THIS PERMIT.**
8. When crossing utilities of any type, trenches must be left open until inspected and approved to be covered by the Public Works Inspector. All trenches in the public right-of-way shall be backfilled at the end of each day unless construction zone safety traffic control is approved by the City Engineer or his/her designee.
9. Any and all public rights-of-way, easements, and/or utilities damaged or disturbed during performance of work permitted herein shall be repaired or replaced by the permit holder at their own expense prior to final inspection.
10. If the project fails its final inspection, the permit holder shall repair, remove, and/or replace the defective material at their own expense within the time specified by the Inspector's written notice. If at any time thereafter, any material used by the permit holder in returning the public right-of-way, easement, and/or utility to its original condition proves to be defective, the permit holder shall replace the defective material with the kind and quantity of material as specified by Lake Havasu City.
11. Any property, including but not limited to piping and wiring, installed within a public right-of-way or easement pursuant to this permit remains the property of the installer, who will continue to maintain and repair their property as required by circumstances and/or Lake Havasu City.
12. In the event that a public right-of-way or easement or any portion thereof occupied or used by the permit holder pursuant to this permit may be needed by Lake Havasu City for any reason, the permit holder shall, at their own expense, remove, relocate, raise, or lower their property within a reasonable time after being notified by Lake Havasu City.
13. Failure to comply with these conditions may result in a work stoppage, removal at permit holder's expense, revocation of permits, and/or applicable penalties.
